INTRODUCING CHRIS REYNOLDS PALLET NW LTD

Established in 1996 by Chris Reynolds Sr, following three decades of experience in the pallets and recyclable materials industry, next year marks our 25th anniversary supplying new and used pallets across the country.

As we continue to grow, year-on-year, we believe Chris Reynolds Pallets is the ideal solution to all your pallet needs. We are a family business, with three generations of Reynolds' currently working in key sectors to keep the company operating smoothly. By keeping family values at our core, we guarantee exceptional customer service on every job we take on.

GOING FROM STRENGTH-TO-STRENGTH

Chris Reynolds Pallets operates over three separate sites – one specialises in new and bespoke pallets, while the other two are dedicated to reconditioned pallets, which account for 75% of our business. Between them, our sites give us more than three acres of space in which to process and repair pallets. The addition of our third processing site in late 2020 allows us to tender for more contracts across the country.

COMMITTED TO ZERO WASTE

As an environmentally-conscious company, one of our core values is that none of our pallets or packaging waste ends up in landfill. In 2017 we invested heavily in a biomass boiler. This essential piece of equipment lets us recycle 100% of all incoming wood waste into woodchip that we use to run our heat treatment and kiln drying system. Since installing the boiler, we have drastically reduced our carbon footprint.

HIGH-QUALITY, HIGH-VOLUME PALLET

Chris Reynolds Pallets supplies both new and reconditioned pallets nationwide. We can construct pallets to any specification. Our on-site heat treatment facility allows us to heat treat and kiln dry pallets to ISPM-15 Standard. We handle in excess of over 80,000 reconditioned pallets per week, with a permanent reserve stock of 50,000 reconditioned pallets on-site, ready to ship.

PALLET FOR SALE

We provide both same-day and next day delivery on all pallets. With long-standing business relationships built across Europe, Chris Reynolds Pallets holds the largest stock of Euro pallets in the UK. We also have a large stock of UK Standard pallets and all other sizes. Any orders over 150 pallets will be delivered free of charge, nationwide.

OLD PALLET BOUGHT

As well as selling pallets across the country, Chris Reynolds Pallets also purchases any size of scrap and unwanted pallets that may have built up on your site. We pay top prices for all pallets due to increasing customer demand for quality refurbished pallets.

Our collections are tailored to each customers' specific needs. Whether you require several collections per day or a handful of pick-ups each month, we can accommodate you. If we are collected pallets from you in large volumes, we can offer an on-site stand trailer, which we can swap within 12 hours' notice.

Upon collection, we will email a pallet report document detailing the quality and quantity of your pallets within an agreed timescale. All collections of over 100 pallets are free of charge, nationwide.

YOUR ONE-STOP PALLET SOLUTION

Whether you are buying or selling pallets anywhere in the UK, Chris Reynolds Pallets provides an unbeatable end-to-end service. However large or small the consignment, your satisfaction is 100% guaranteed. Call our team today to find out what we can do for you.
